# BOARD OF ACCOUNTANCY

## PROJECT ACCT LAUNCHED DURING ANC

An audio video presentation (AVP) was made in the Puerto Princesa Coliseum to launch the Project Acct during the Annual National Convention on November 26, 2015.

"Project Acct is an initiative of the Board to make all accountants and stakeholders of the profession appreciate and recognize more the valuable role of the accountant in society and the economy. There is a need to further enhance the image and reputation of the accounting professional. This project is also intended to boost the self esteem of all accountants and to reinforce their pride on being a CPA. The Project Acct is a series of activities that will evolve in the days to come, including the use of the title "Acct." by accountants, similar to the title of other professionals, such as doctors (Dr.), lawyers (Atty.), and others," Chairman Joel Tan-Torres .

"The production of this AVP was led by Edwin delos Santos, CPA, who is a faculty member of Liceo de Cagayan University in Cagayan de Oro City," said Chairman Tan-Torres

The AVP will soon be available in the social networking sites (You tube, FB, etc) and the BoA website
